

CANCELLATION POLICY

Nebraska Endocrinology Specialists has a no show policy in place that states if you "No Show" for 2 appointments you will be considered for termination of services at this clinic. It is important for scheduling purposes that you call and notify us if you are unable to keep an appointment. In order to effectively treat our patients we ask that you give 24 hour notice if you need to cancel an appointment. We understand that emergencies do happen, but if you no show or cancel consistently without giving advance notice, termination of care will be considered.

Definition of "No Show": If you cancel or reschedule your appointment with less than 24 hour notice and/or do not arrive for your scheduled appointment. If you call any time after your scheduled appointment time it is considered a "No Show".

If you are a New Patient, canceling or "No Showing" to an appointment, this may result in Nebraska Endocrinology Specialists not scheduling you for another visit.

Signing this form acknowledges that you understand the importance of calling in advance to cancel an appointment. Termination of services can and may occur with 2 or more "no shows" or late cancellations.
